

Council Meeting 1st June, 1973.

Report of Works Committee Meeting 29th May, 1973.

45 RE BEACH REPLENISHMENT PROGRAMME: File 32108/2 Pt2.

45

Reference Design Engineer : (continued)

(e) Stormwater Diversion Jobs. Job 6731 Surfers Paradise North, Job 6778 Palm Beach South, Job 6793 Currumbin Foreshore and Job 6794 Kirra Foreshore. All these documents were sent to Department of Local Government 8/5/73 and no approvals. Copies of documents also went to Department of Harbours and Marine and the Department has given its approval for jobs 6793 and 6795, only to date.

It is recommended: That since the loan monies are still held largely unexpended Council should note the information set out in the Premier's letter and press strongly for all documents lodged with both Departments to be processed with maximum despatch.

Recommendation: 1. That the recommendation of the Design Engineer be approved.

2. That the three State Members be asked to assist in expediting approvals of the documentation submitted.

3. That the attention of the Finance Committee be drawn to any action which may be necessary or desirable in relation to the proposed \$3M loan for Beach Protection (1972/73) and it be suggested to them that ways should be found to hold the approval to borrow the loan.

46 RE USE OF ROADS BY HEAVY TRANSPORTS: File: 5819

46

Recommendation: That the Chief Engineer be requested to bring forward a recommendation for limiting the use as through traffic by heavy transports of :

- (a) Stanley West and Park Streets, Burleigh Heads
- (b) Tabilban, Ocean and Reserve Streets.
